INTERNAL SECURITY SPECIALIST

Internal Security Specialist in the following countries (Bucharest, Romania, Kuwait City, Kuwait, Riyadh, Saudi Arabia, Prague, Czech Republic and Stockholm, Sweden). Monitored surveillance devices, fire alarms, and communications systems that cover the entire embassy. Safeguarded classified information and, as part of their daily routine, conduct inspections where classified information and equipment is stored or used. While primary protection of the embassy is the job of the host government, in the form of guards, should an embassy be attacked and that protection fail, Internal Security Specialist mission is to delay any hostile group long enough to aid in safeguarding Americans diplomatic personnel lives and as well as foreign nationals employed by the United States Government. Marine Security Guard (MSGs) also assist in evacuating embassy personnel and other Americans living in the country should that be necessary.
